From: Rich Steele <<u>rich.steele@nacas.org</u>> Sent: Thursday, May 16, 2024 6:05 AM Subject: Members Affected by Canadian Ancillary Services Changes

Eileen and Anthony -

We received the terrible news that the entire Ancillary Services department was eliminated at Simon Fraser University on Monday, impacting Sid Mehta, incoming West President and Mark McLaughlin, Canadian Committee member. In addition, we know that Steve Alb is no longer at the University of British Columbia - an action that happened last week. Steve served as the chair of the Canadian Committee.

We are greatly concerned about the impact to these individuals, and we stand ready to assist in any way we can. We also anticipate that there could be similar reductions in force at other Canadian schools in the near future.

NACAS does provide a "Member in Transit" option for these situations which provides all the benefits of membership at no cost for up to one year. This will allow any current member who may lose their employment to stay connected to NACAS and take advantage of services such as the career center, publications, Lounge communities, educational programs and events at member rates (C3X registration would be at the retiree rate).

We would like to ask that you communicate the "Member in Transit"

option to any member who may need this benefit. If they contact NACAS, we can set this up for them. We would also request that your region honor the intent of this membership and support those affected by offering member rates for your CX event - or a discounted rate if that is feasible.

For the West Board, please let us know how we can support your efforts to fill the vacancy left by Sid's departure - including anything that may be needed to support your CX event in June.

Best of luck as you navigate these impactful changes. Thank you for your leadership commitment to NACAS and please know we are here to support you if we can be of any assistance!

Sincerely, Brett Jackson, CASP - NACAS President Rich Steele - NACAS CEO
